Principal: Wendy Salazar

Assistant Principal: Melanie Perez

Counselor: Norma Ortiz

Hello Stafford Family,

I am reaching out to update you on the fluid situation regarding our current school closure. We are closely monitoring the latest developments and communicating with health officials to determine best practices regarding the spread of the coronavirus and how it affects our school community.

As you may have heard, EISD is joining other San Antonio area districts in extending our closure of campus classrooms through Friday, April 3<sup>rd</sup>. We are committed to helping every student remain engaged in their learning. Our teams have been busy working on a 20-day plan for students to be able to work online and/or use hands-on packets for those that do not have access to needed technology. Parents and students can pick up these instructional packets during breakfast and lunch grab and go starting on Thursday, March 19, 2020.

Also, the district is working to make sure our students' nutritional needs are taken care of, even when classes are not being held. Our child nutrition teams will be distributing Grab and Go Food Kits at all campuses across the district. Breakfast is being served from 7:30-9:30 am and lunch from 11:30 am - 1:30 pm, Monday- Friday. Any child 18 years and younger may have a meal to go and may go to the closest campus to them.

All information regarding COVID-19, family resources during this time, and school closure may be found on the district website. Go to: [eisd.net](http://eisd.net) and click on the "Read More" below the District Closed banner. It will also have links to instructional resources, by content and grade level. Please expect phone calls from campus teachers, counselors, and social workers during this time. They will be checking in with families on a regular basis.

We know this has been an incredibly challenging time for our community. The health and safety of your child and our staff is our priority as we navigate through this uncharted territory. I want to thank you for your patience and understanding. We will continue to keep you updated via email, text, social media, and our website, [eisd.net](http://eisd.net).

Thank you for your support,

Wendy Salazar, Principal  
Stafford Elementary  
Edgewood ISD
